Hola Manhwa Scans

Shojo Manhwa Scans

I'm so lucky!
You didn't hang up yet
I planned to.
But I heard you calling me.
Nora, you look happy like an idiot!
Ha... Ha...
He sounds satisfied
What's up?
Why did you call?
I just felt like calling.

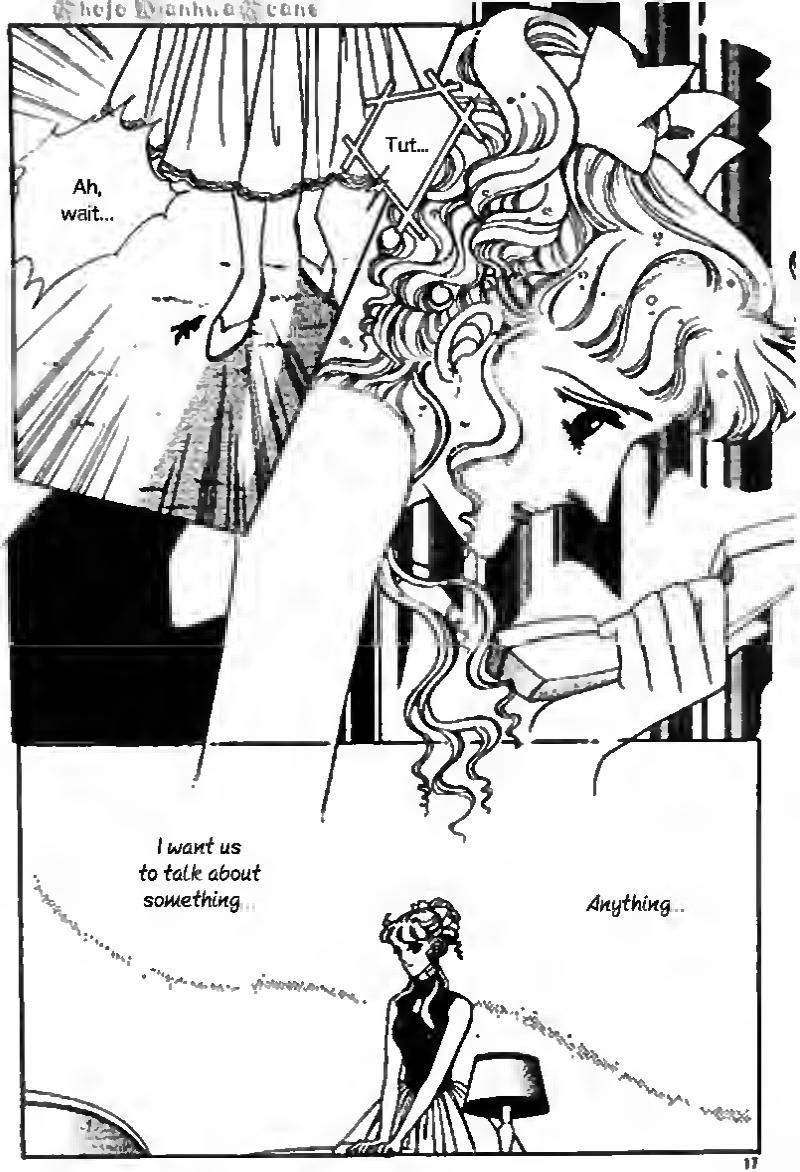
Shojo Manhwa Scans

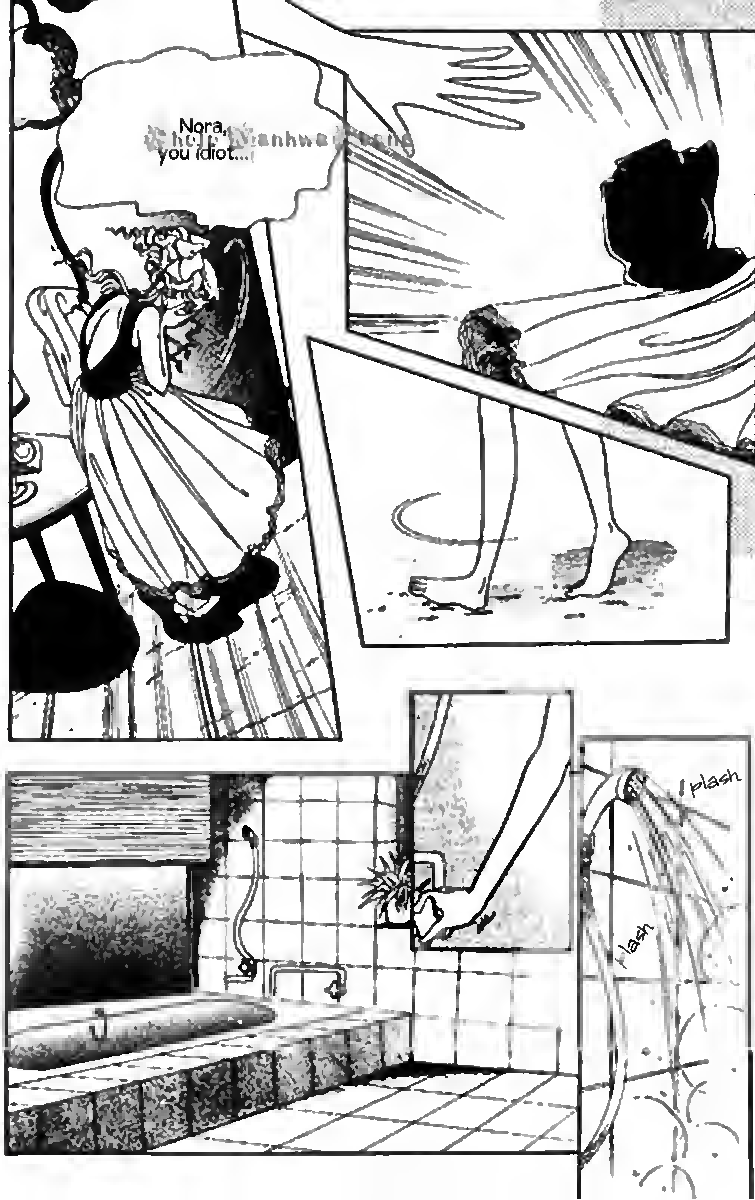
Suddenly?
So there was no need for me to run home then,
I thought your plane went down.
You're so mean.
It's a good thing I left the party
I almost missed his call.
It's true you weren't home.
I've only just left and you're enjoying your freedom?

What are you saying? I was there only because today is the Department Chief's son's birthday.
Moreover, I always have liberty....
...
Tom's son?
Birthday... I should call to give my best wish.
DON'T CALL!
If Tom asks how do you know it's his son's birthday, what will you say?
Did you think about that?

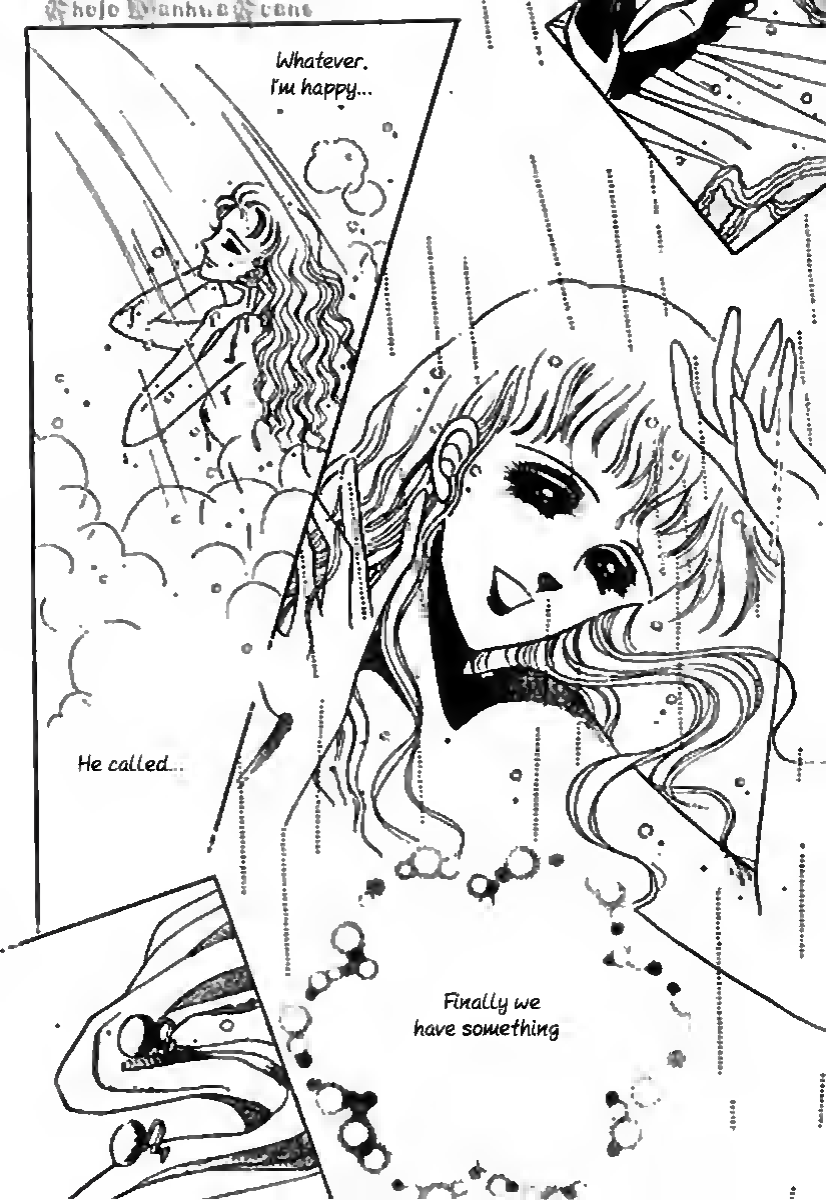
Huh, Men like you...
You're so strange
He didn't call when he left
I'm content to talk to you
I'm going to sleep
Good night...
Ah... What are you saying? Wait...

hojo manhua scans





Nora,
you idiot...!
Splash
Splash



Whatever.
I'm happy...
He called...
Finally we
have something

He He..
This gift..
?
Awesome, right?
I don't like that guy
Is from the guy you met at the party yesterday.
After you left, he asked me to give you this.

God, Nora. How could you say that?
How does he know if I want to take it or not. I don't like men who ask others to give a woman their gift
Our president is like that. That guy is like that.
It's a wonder how men have so much confidence
Don't say that. Just meet him once!
It might be interesting.
Because they're handsome
Her standard seems to be too high
Listen to her criticism of the president

Interesting?
That guy is a modern sorcerer.
I saw his power at the party.
There still is fool like that?
They say that apart from some tricks, he has real powers.

These days, magic is popular so there are many followers.
Do you plan to match make that kind of guy and me?
Here. His business card.
KIER XXX

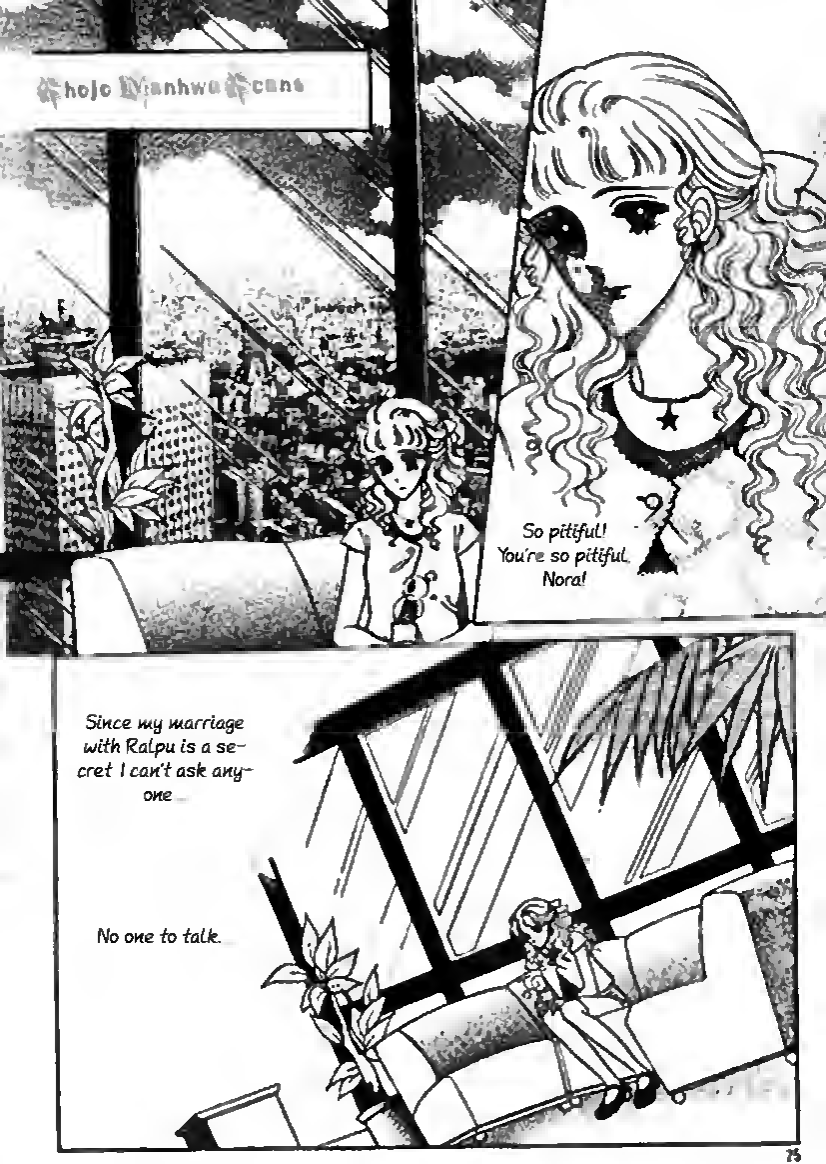
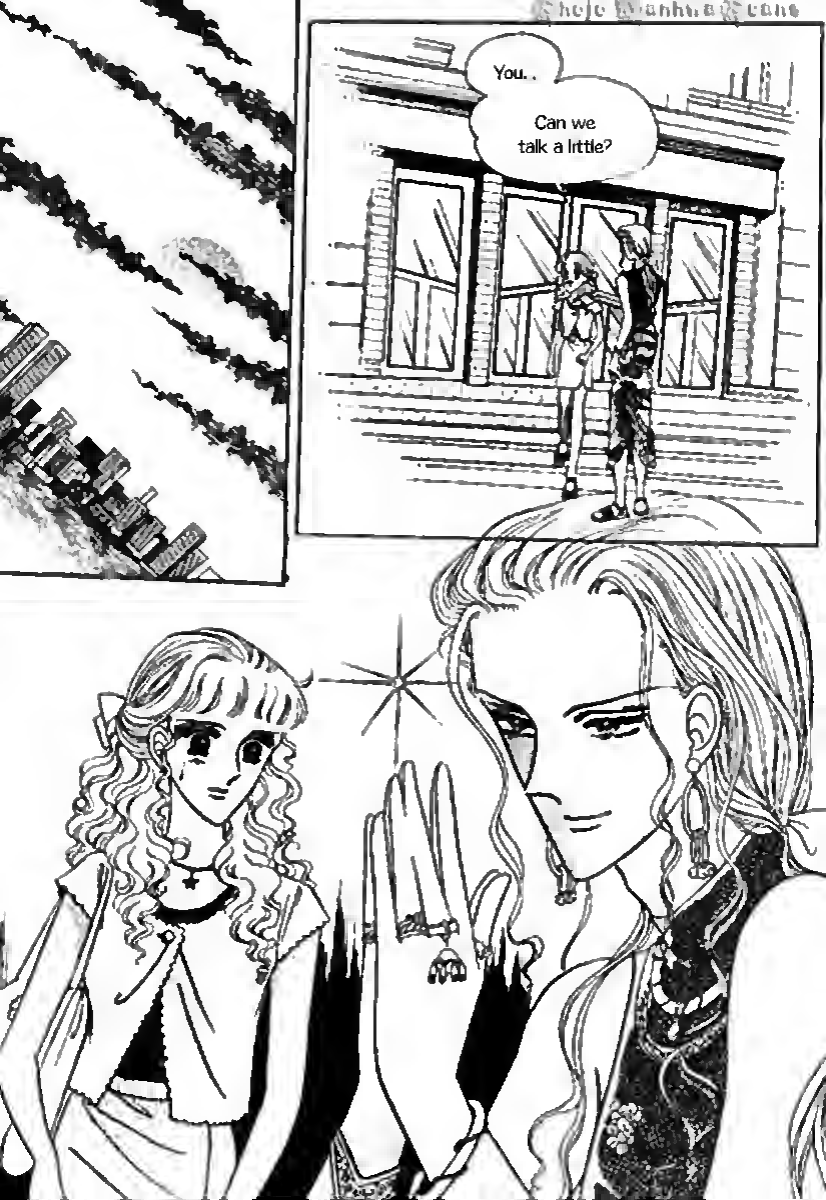
business card
That...
KIND OF GUY?
NEVER!



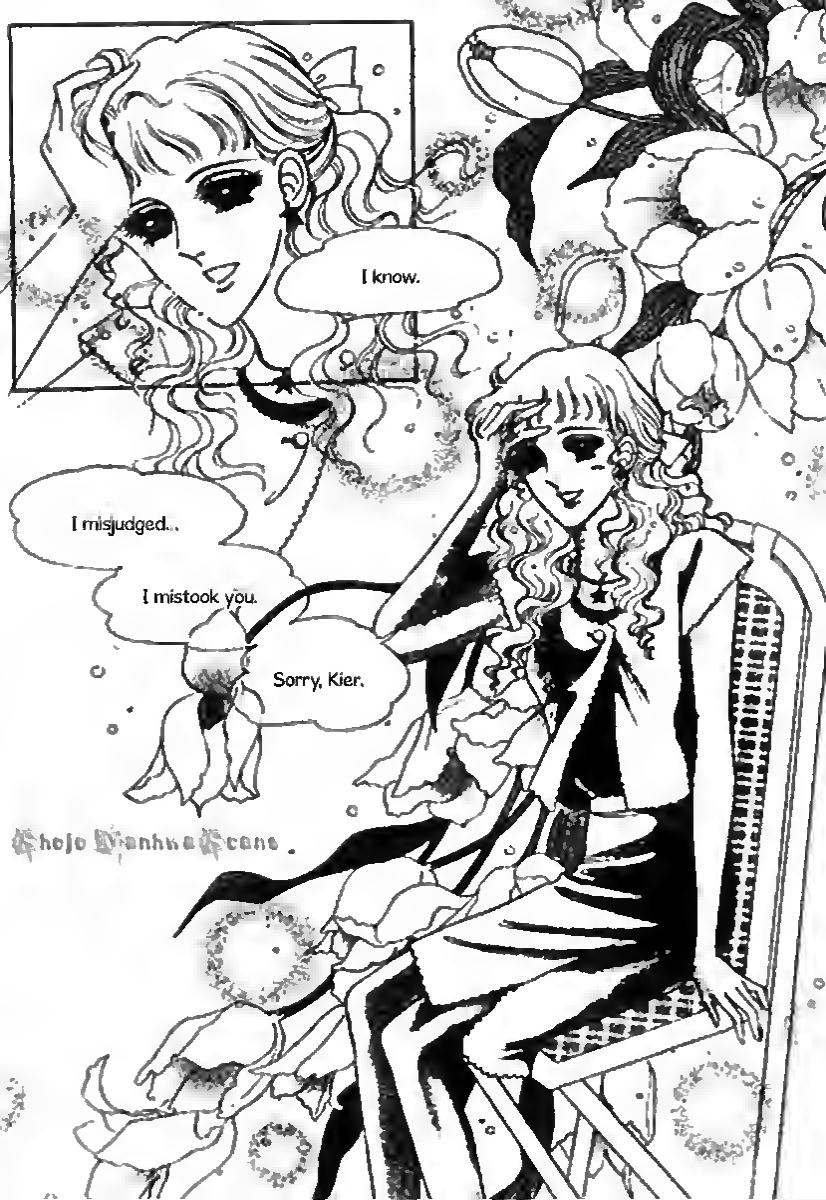
So pitiful!
You're so pitiful, Nora!
Since my marriage with Ralpu is a secret I can't ask anyone...
No one to talk.

hoje manhwa.com



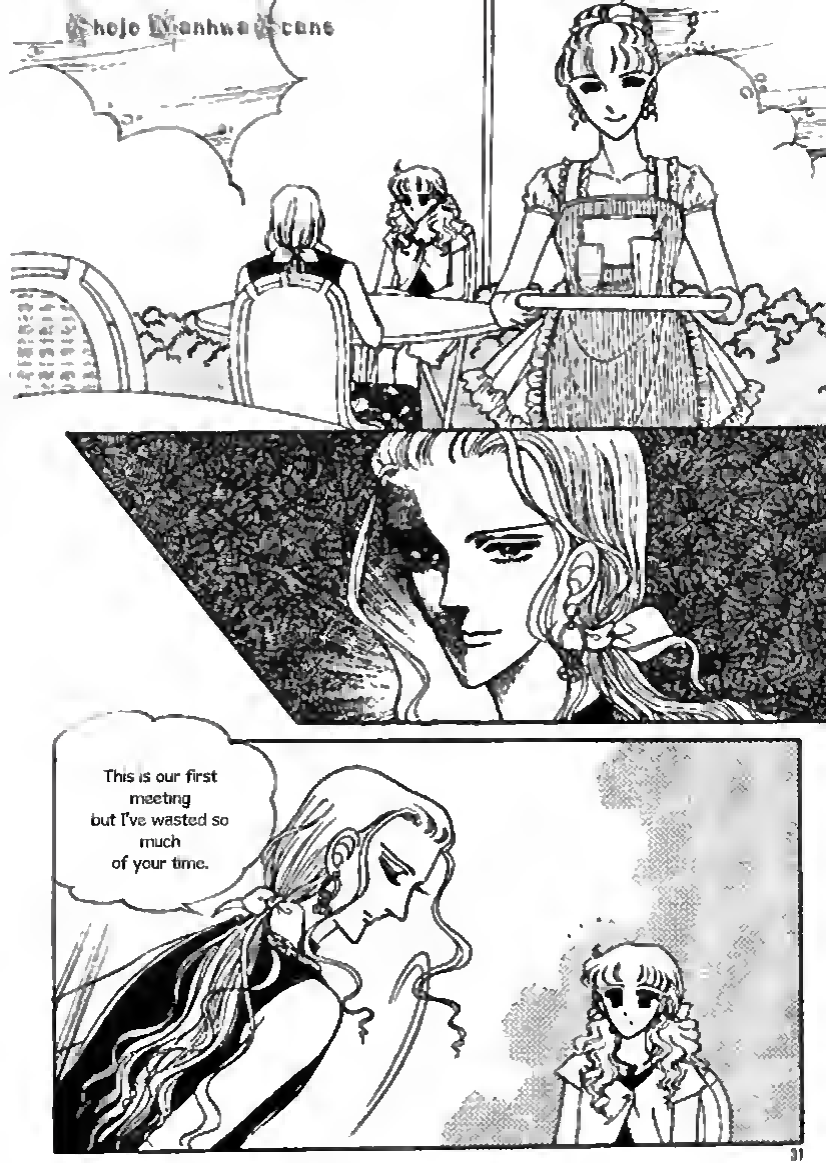
Sorry I didn't think you would be so surprise.
Lisa should have mentioned me...
She didn't say that there's someone waiting for me outside
It sure is strange!
Did you receive the braclet I sent yet?
The flower bracelet? The gift is like the sender...

If you're that surprise, may be you didn't open it yet?
You're thinking that it a weird gift...
.....!
So you don't want to accept my gift, do you?
The HEAD



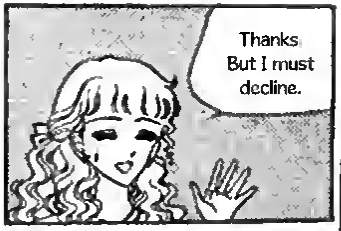
I know.
I misjudged...
I mistook you.
Sorry, Kier.
Shojo Manhwa Scans

Ah... you remember my name?
I took a look at your business card.
Should I say that it's a communication habit?
How did you do that?
Did you read my mind?
Because your expression says so!
It says that you don't like me.
Even though you planned to hide your bored expression at the party, I saw it all.
Is that so?
Your honesty attracts me.
Boss might have seen as well. My god! How offended was he?



This is our first meeting but I've wasted so much of your time.

It's not true..
Must go now?
Tonight I have a divine ceremony
It's an important ceremony.
There're many followers
They must be waiting the Amaled divine ceremony.
Do you want to come with me, Nora?

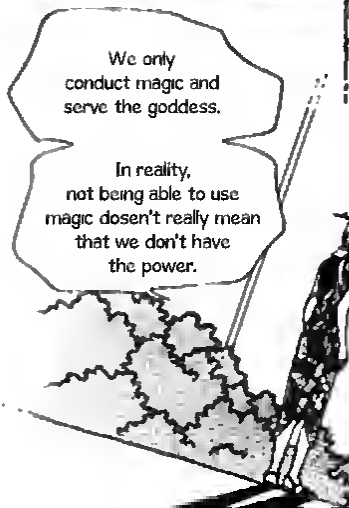


Thanks. But I must decline.

This guy sure is
.....

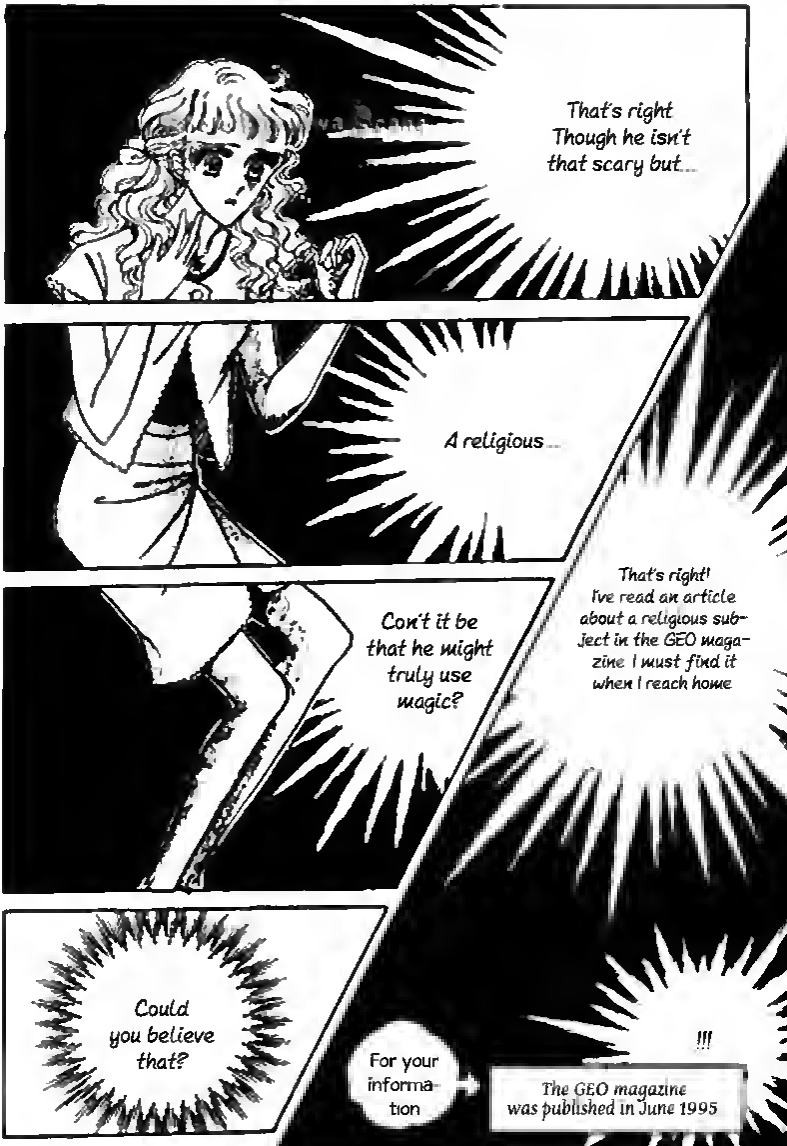
Witch? Ha ha, they don't exist these days.
Ha
Ha

It'd be better not to socialize with him!
The witch burning ceremony?



We only conduct magic and serve the goddess.
In reality, not being able to use magic dosen't really mean that we don't have the power.
Did you ever hear about the 1111 ceremony?
No.
Ah! The taxi is here.

Ha ha, I wanted to send you back in my car but because of the ceremony...
That's not necessary. Thank you.
Mister, please go on.
A mad man, miss?
IT'S NOT THAT...
Just... Because he believe in black magic, it's scary.
There're many people like that these day.
Ha ha... it's truly a superstitious time.
HA HA



That's right
Though he isn't
that scary but...
A religious...
That's right!
I've read an article
about a religious sub-
ject in the GEO maga-
zine. I must find it
when I reach home
Can't it be
that he might
truly use
magic?
Could
you believe
that?

It was alright. I have something to tell you.
President... The trip...
It's important.
Yes?
I've been hiding something from you. Nora Wospid and I are married.
You're joking, right?
She just collapsed and was sent to hospital.

That's why I rushed here.

Are you really going, Nora...?
What's wrong?
You've agreed.
I even sent a letter... I must go.
It's not that I agreed, I just didn't say anything

I can't!
If you're... determined to go then...
You don't understand.
It's not only because of that letter Peter wrote to me.
You and I...

Even so, are you still willing to go?
It's not only because of the letter Peter wrote to me
It's not only because of the letter he wrote to me before committing suicide...

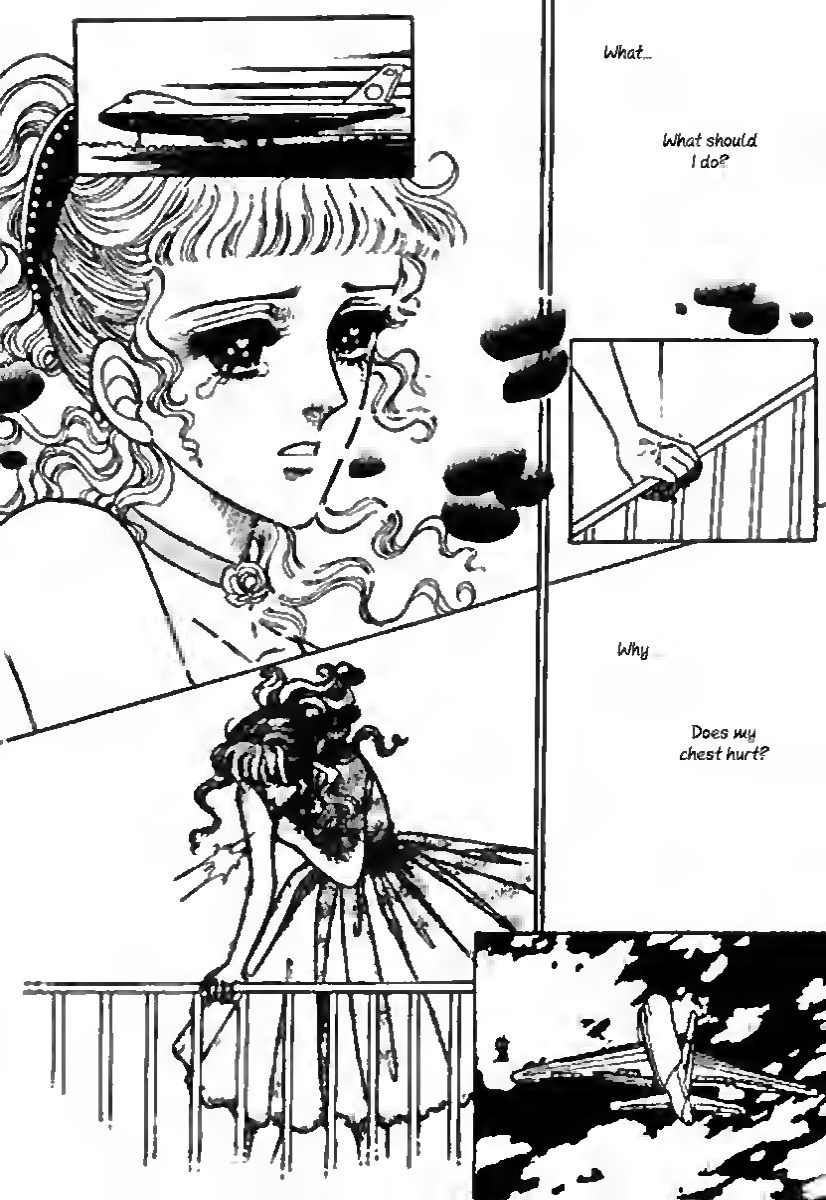
YOU AND I HAVE PLANNED TO GO ON VACATION LATER!
SO I'LL GO!

Then...
Goodbye!
Miss Nora Wospid!
I hope you won't be here when I return.

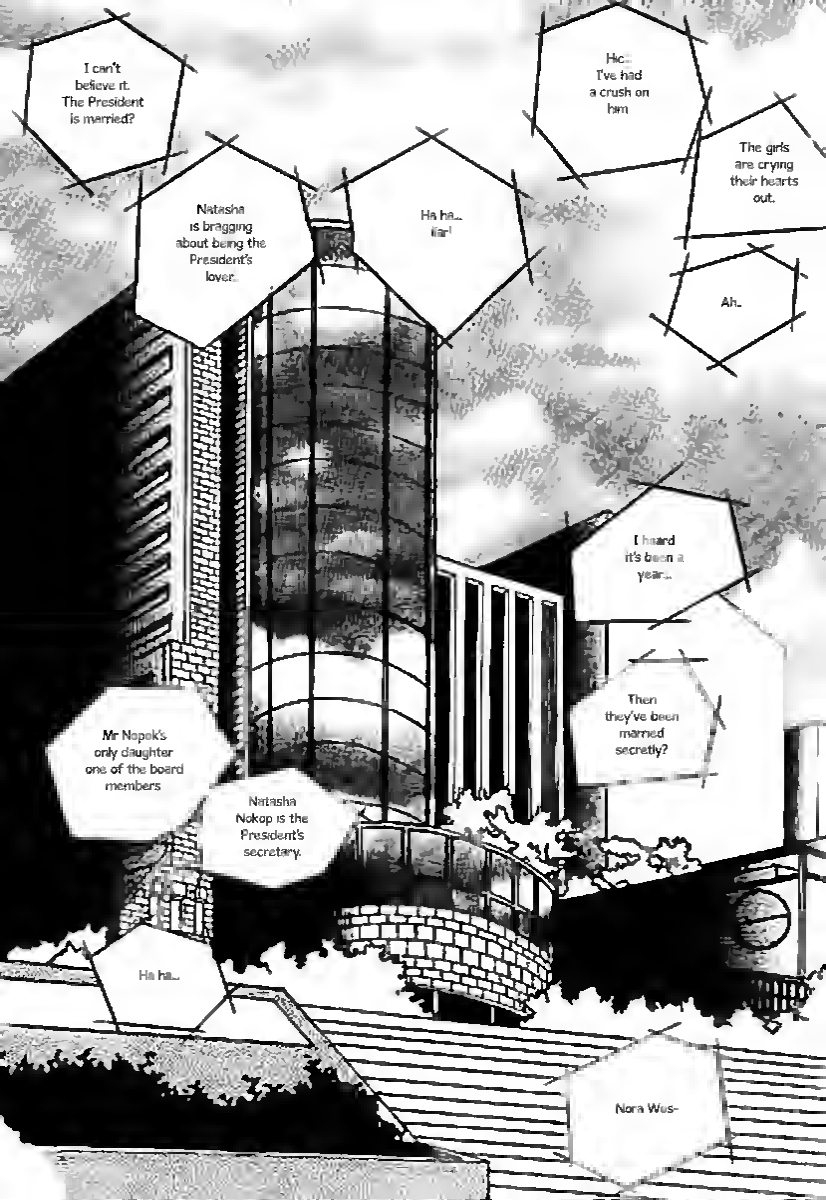


What...
What should I do?
Why
Does my chest hurt?

Because of that guy?

Nora...
Why are you late?
You've never been late before
You look pale. Were you crying?
It's not that!

After Lisa took you to hospital.
There's been a rumour going around that Nora Wospild is President Ralpus wife.
It's not true is it?
President is married?
I've heard that he announced it through his secretary
Who is she? From which department?
No way!



I can't believe it. The President is married?
Natasha is bragging about being the President's lover.
Ha ha... liar!
Hic... I've had a crush on him
The girls are crying their hearts out.
Ah..
I heard it's been a year...
Then they've been married secretly?
Mr Napok's only daughter one of the board members
Natasha Nokop is the President's secretary.
Ha ha...
Nora Was-

Nora Wospid? Isn't she the girl who refused the President's invitation to dance at the company's party?
Oh...
Why would a happy girl like you cry?
Since the secret is out now, it must be very embarrassing.

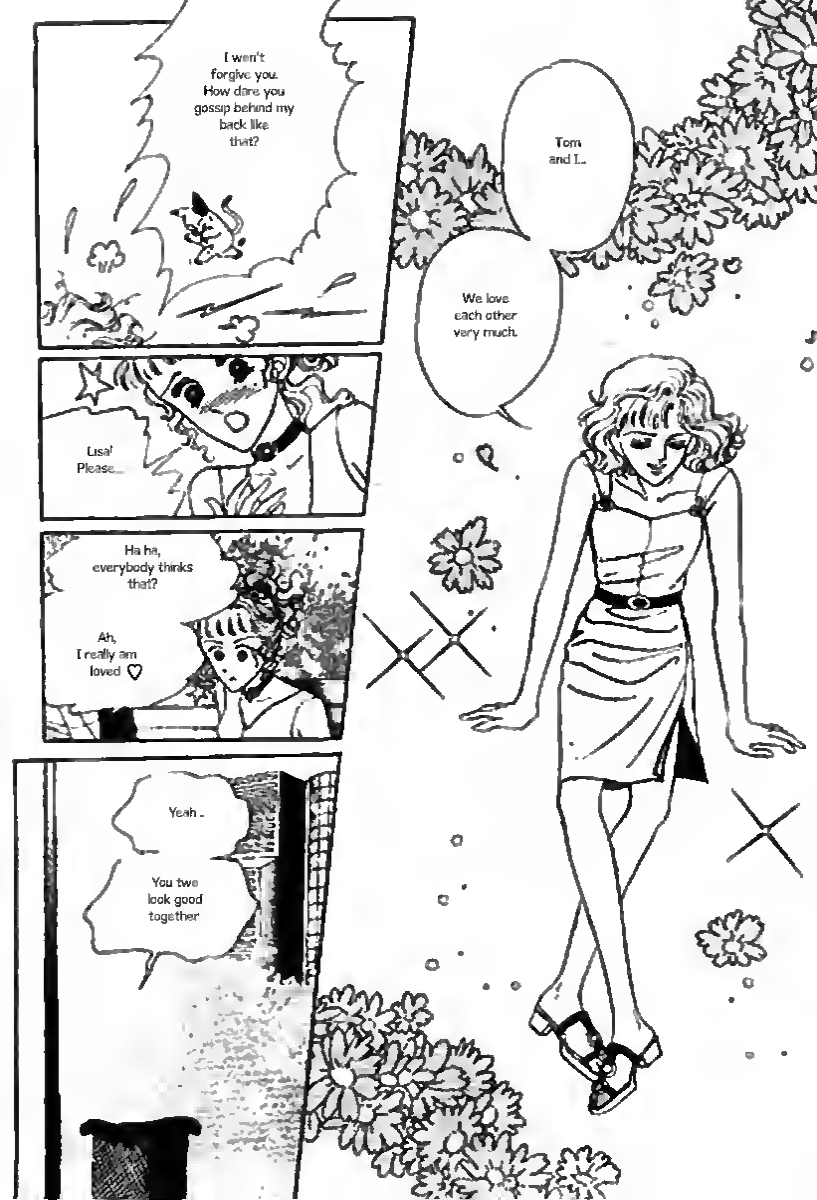
Yesterday the President went to the hospital too..
So jealous...
So that's why she doesn't care about men.
I was fooled so easily!
He's threatened me with divorce!

Oh my god!
BECAUSE OF THAT EUROPEAN GUY?
click
In a time like this, I don't know what to do. I know my relationship with Ralpu is complicated but...
But...
I've never even considered divorce.
Of course... That guy is an ideal guy
My friends are all so far away and I don't have any close friends or relatives.
You don't have friends? Oh my god..

I always think of you as my friend.
I...
You've only focused on studying, so you don't know how to make friends.
I can tell just by looking at you that you can only interact with the rest...
For work.

Nora
to tell the truth, I also...
WHO, WHO? IT'S BOSS TOM, RIGHT?
Am one of the secretly married couples.
Yeah... With Tom. ♡
The wife at his son... no at our sons birthday, was a girl that we hired. She's not prettier than me, right?

Of course! You're much more beautiful.
But how could you tell? No one has noticed in the last five years!
Ah that.
That's why as someone with experience and as a friend, you can talk to me.
There's gossip going around about you being the boss' mistress Oh sorry but I'm only telling you what I heard.
They're too much, right?
Store
Since you two are very close Ha ha... you two
Sigh... That's it...
Everyone thinks that I'm my husbands mistress, huh?



I won't forgive you. How dare you gossip behind my back like that?
Lisa! Please...
Ha ha, everybody thinks that?
Ah, I really am loved ♡
Yeah..
You two look good together
Tom and I..
We love each other very much.

It's because Nora doesn't want to admit that she loves him.
But.. But..
I love... him..
I know and he also knows..

He knows?
Are you sure?
Nana, does that mean you two are in love with each other?
It's the first sign of love.
